Stream 1

Control

- Stream 1 can be controlled from a **remote control**, from the Cabasse Stream audio control app, (iOS/Android) and by the **touch pad** on the front of the product.

Easy Pairing

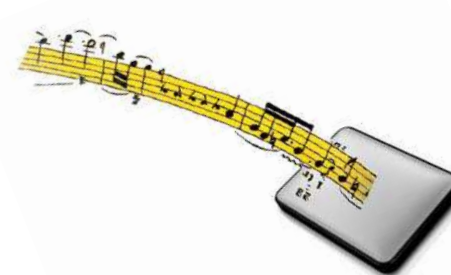

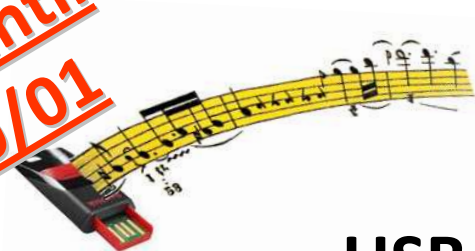

- Instant Bluetooth connection with the **NFC** patch.
- **WPS** - Wi-Fi Protected Setup
- **Wi-Fi setup wizard** on the application

Compatibility and Hi-Fidelity

- Supported formats:

WAV	AIFF
FLAC	ALAC
MP3	AAC
WMA	
- Hi-Fi : plays files up to 96 kHz / 24 bits

**Embargo until
2013/10/01**

USB PLUG & PLAY

Connect an external self powered hard drive or a USB stick to Stream 1
and play all the audio files stored anywhere in your home
and on any Cabasse Stream device you own.

The USB plug supplies extra power
(5V, 1 A instead of the standard 0.1 A value)
for direct use of external self powered hard drives.

The combined DLNA server allows instant and easy streaming.
